Dear Jon, Steve & Chris

We were not in the market for a new home when we found our home on Bay Shore Drive. We were just out looking around one afternoon and fell in love with it. The quality of work and attention to detail made this home stand out from others in the area. I was amazed at the beautiful finishes that had been selected and the care and craftsmanship utilized in construction. We could easily see that they take pride in their work.

I am very proud to know I own the first house built by Dixon Kazek and we could not be more pleased with the entire experience. Our home has given us ten years of relaxation and pleasure.

They have been a pleasure to work with not only with the initial construction but have been a tremendous assistance over the years. They have made us feel like family and are simply the best!
